Notes/considerations: Yes, we encourage song requests, if objectional content exists we will ask your guest to get your permission. We will endeavor to play all requested songs as time and conditions permit. Entertainment events are dynamic situations, it is incumbent for us to communicate immediately if events, music selections or your concerns arise so we may resolve issues. We obey venue limitations on musical content and volume levels as any professional performer would. Your satisfaction is my goal. Thank You *Mark Vincent*
